

LandPLUS Cares

I have know **Beverley** for some 18 months now when she helped us relocate from Hong Kong to Singapore in January 2007.

Beverley has been a constant source of information for us, not only did she help secure us a fantastic home but her follow up in the later months was an invaluable source. She is of a very professional manner and her friendly nature is evident of that, she now has so many clients contacting her both from Singapore and abroad.

In the end we could not be happier, we have our dream apartment within budget and within one week of arriving in Singapore, with 100% of the credit to **Esther** and the **Landplus Group**.

A Very Big Thank You.

"Finding a place which satisfies your personal needs is not easy and can take time especially if you want it all (convenience, pool, etc.). **Eddie's** friendly, practical and professional approach makes it easier to take your decision, having somebody beside you who can advise you and provide you with information you need...."

Angeline,

You put so much care and effort into finding us a house. It would have been so very difficult without your assistance with Love.
